The Vorigen

- Two-Stage Synergistic System, which means the simultaneous effect of the two acting together is greater than the sum of their individual effects acting by themselves
 - Silver Ion & Ultra Violet Light Process
- Patented and Proprietary Technology
 - no other like it on the market
- The most efficient/effective system in the world
- With “Immediate Kill” and Time-Released Disinfection

Effective
Safe
Proven

The Vorigen

- UV provides immediate kill
- Silver ions act as a time-released disinfectant
 - silver ions travel into “Dead Legs”**
- Works throughout the entire water system
- Controls Staff Infections (MRSA) & other bacteria

**areas in plumbing network without water flow

Effective
Safe
Proven

The Vorigen

- No cancer-causing by-products produced
 - as in the case with Chlorine
- Controls chlorine-tolerant bacteria, viruses, spores
- Requires no hazardous chemicals
- Non-corrosive

Effective
Safe
Proven

The Vorigen

- Produces “Pharmacologically Pure Water”
 - meets USP Pharmaceutical Standards for "Purified Water"
 - acts as a topical disinfectant
- Controls Staphylococcus, MRSA & other bacteria
- Kills Anthrax

Effective
Safe
Proven

The Vorigen

- Easy installation
- System operational verification is entirely visual
- No language-specific or reading skills required
Visual Only
- Power: less than 2 KW (120 volt 60 or 50 Hz)

Effective
Safe
Proven

The Vorigen

- Fully automatic between 0-55 gpm operating range
- Entire system fits in small, 4' x 8' footprint
 - Smaller footprint if UV stacked
- Prior to shipment assembled and pre-run at factory to assure system is totally operational
- Proven reliability over many years of operation

Effective
Safe
Proven

The Vorigen

- No consumable disinfection chemicals/products
- Virtually maintenance free (pull UV wiper weekly)
 - Annual maintenance:
 - replace UV lamps once a year
 - Replace Silver Electrode Head every 20 million+ gallons

Effective
Safe
Proven
